Eat Dutch Waffles

Chewy Caramel Cookies

Dutch traditional treats to every American's home!

If you've never had a stroopwafel, (pronounced, fresh, chewy and yummy), you're in for a treat: a delicious, chewy, syrup-wafered cookie that's about to be your new best friend. The best place to get them? That's easy. Right here!

How to eat a Stroopwafel? If you have a minute, try the traditional approach and warm up your stroopwafel on top of your hot beverage cup. If you're on the go, slip your Dutch Waffle in the microwave for eight seconds or eat it right out of the package.

It's the perfect snack for soccer kids, soccer moms, hikers, bikers, commuters, professional snackers or anyone ready for a little sweetness.

EatDutchWaffles.com was founded by Joost Kling in the Netherlands in a little town called Noordwijk, situated off the coast of the North Sea and only twenty miles away from Amsterdam.

Joost first traveled to the United States as an exchange student and always thought Americans would fall in love with this native stroopwafels. He was right. After establishing relationships with the top stroopwafel bakeries, he expanded his business to the United States with friends and business partners in Utah where he studied years earlier as an exchange student.

Waffle Chemy Caramel Cookie

Traditional

Nutrition Facts	
Serving Size: 1 cookie (34g)
